Introduction to *Stone Soup for the World:
Life Changing Stories of Everyday Heroes*

We use the Stone Soup fable as a teaching tool to help people see that by working together we can do more than we thought was possible. Like the Stone Soup traveler, we each have a magic stone. When we each give our gifts, we can create a feast for the whole world.

Books

Stone Soup for the World: Life-Changing Stories of Everyday Heroes is called a “handbook for humanitarians” featuring 100 stories of people who show the power each one of us has to change the world. These heart-warming, action-oriented stories capture young people’s imagination and inspires them to tackle the tough issues facing our planet.

Stone Soup for the World is a blue-print for building a better world. Its heroes have lifted their neighbors and their communities. They challenge each of us to respond in kind.

– Walter Cronkite

Educational Curriculum

Our Educational Curriculum is based on stories about the everyday heroes in *Stone Soup for the World*. Teaches middle and high school students character education, multicultural literacy and critical thinking skills, social studies, service learning, citizenship and leadership development skills and inspire them to take action in their schools and communities. Piloted by the YMCA of the USA, these tools have prepared youth leaders in 120 communities. Used in the Institute’s Leadership Summit, youth-community initiatives.

My father used to say that one person can make a difference and each of us should try. This book tells the stories of people who have made that difference, and they are an inspiration to us all.

Job Shadow Day: 2010-2014

Matched MVYLI youth with 60 Island businesses

We match youth with professionals who have jobs in their desired fields: editor, entrepreneur, economist, environmental law, environmental scientist, green engineer, computer scientist, farmer, small farm lobbyist, doctor, nurse, physical therapist, physician’s assistant, criminal justice, college professor, special ed/ sign language teacher, and web designer.

MVYLI has a special place in my heart and in our Island community. Innovation and hope for a better future reign true in every one of our projects. I will forever be a firm believer in all its values. My unending appreciation goes to MVYLI for its generous investment in my future.

Walter Cronkite Awards Ceremony 2014

Walter Cronkite was the honorary chairperson of the Stone Soup Leadership Institute for over a decade. His wisdom and vision of preparing our youth as future leaders gave rise to this Annual Awards Ceremony. The Awards are presented to those using the power of the media to create positive social change in the world. An avid sailor, he was committed to caring for our oceans. In the 1970’s Mr. Cronkite was the first to produce a TV series on the environment, winning Emmys for *Can the World Be Saved?*

The 2014 Walter Cronkite Award Recipients are champions of the oceans. Dr. Sylvia Earle and Vineyard Awardee Sam Low.

Speakers are CBS Statesman Bob Schieffer and Chris Callahan, Dean, Walter Cronkite School of Journalism, Arizona State University. Walter Cronkite IV will present the Awards.

Dr. Earle is an inspirational role model for our young people, especially our young women. She is a hands-on, experiential educator scientist who is always striving to make science cool. We need to all of our young people to get excited about science. Who knows maybe they will be the ones who invent the next technology that helps solve our greatest challenges... brings us closer to building a more sustainable world. Marianne Larned

Walter Cronkite Scholarships. We encourage and support youth to pursue careers in the media and public service. We present the Cronkite Scholarships to youth awardees to help carry on his legacy.

When we bought the Cronkite house, we knew we wanted to support and carry on Walter’s legacy here on the Vineyard. The Cronkite Awards seemed a perfect way to do this. The work the Institute does locally, through the Martha’s Vineyard Youth Leadership Initiative (MVYLI), continues Walter’s vision of preparing our youth as future leaders in our community.
